

TerraSource Global Field Services

2023 Rate Sheet

TerraSource is proud to provide customers expert troubleshooting expertise and comprehensive repair services through our dedicated team of highly-skilled Field Service technicians. Our customers enhance the value of their TerraSource partnership by leveraging our Field Service team for a variety of purposes, including:

Performing onsite work, such as system inspections and machine repairs.

Offering in-depth analysis and recommendations on solution upgrades or new configurations to improve productivity and efficiency.

Supervising installations and training in-house staff on equipment operation and maintenance.

....and much more

Rate type	Hourly Rate	Details
